ELEVATOR, LLC

Suspended Access-Mast Climbers-Safety Equipment

December 22, 2007

Attn: Joe Aujay
Elevator LLC.

Dear Joe:

This letter is to verify that the Low Profile C-stirrup (934106), Walk Thru C-stirrup (934111), End Stirrup (934102) and adj. stirrup (930101) manufactured by Bee Access are designed with a 4 to 1 safety factor and certified to meet or exceed current OSHA and ANSI standards pertaining to single and multiple point suspended scaffolding.

They are approved for use with Tractel scaffold hoists.

Sincerely,

Bee Access Products
